**Parents
As
Teachers**

**P.A.T. is an early learning
program which supports a
parent's role as their child's first
and most influential teacher.**

**Our program is open to families
with children prenatal to five.**

Our Philosophy

As a parent, you are your child's most important teacher and your home is their first learning environment. Children learn more during the early years of life than at any other time. How your child grows and learns during these early years, will affect their later development and success in school.

The goal of Parents as Teachers is to partner and support parents during these crucial years of development. Our PAT program carefully cultivates and guides children's intellectual, language, fine and gross motor, social and emotional development. Parents as Teachers, along with the Brentwood School district, strive to promote a life long love of learning.

Enjoy a variety of free activities!
